*Review: As the author of the book The Doctor Who Cures Cancer, I believe Radical Remissions is a big step forward towards creating critical mass. Turner points out in her book that not one doctor she asked who had personally witnessed a Radical Remission had tried to publish the case as a classic case study. She also points out that there are over 1,000 reports...*

*Description: Early in her career, Kelly Turner, Ph.D., a researcher, lecturer, and counselor in integrative oncology, was shocked to discover that no one was studying episodes of radical remission, when people recover against all odds without the help of conventional medicine, or after conventional medicine has failed. She was so fascinated by this kind of remission...*
